**What the Bell System
Is Doing**

GOOD service can be expected only from em-
ployees who are in good condition, mentally
and physically. With this thought in mind,
the Bell Telephone System takes a very real inter-
est in its operating staff.

In the larger cities and centers, dining rooms
(where food is provided at less than cost), recreation
rooms, roof gardens, libraries, clubs, matrons and
welfare workers, even a house magazine—all are
provided to achieve the end that the girls may be
happy, and that as a consequence, the public may
be served and served well.

A glimpse of the human side of the activities of
the System would show that everything possible is
being done with a view to the maintenance of a
high order of enlightened, happy, willing service.

A realization by the public of the attitude, aims,
and methods of the Bell System should help to-
ward that mutual understanding between producer
and consumer which is so desirable.

Out of Focus.

If you have head aches your eyes
are possibly out of focus.

If your eyes smart and burn or the
movies blur, your eyes are out of
focus.

If the letters run while you are
reading or if you don't see all things
clearly your eyes are out of focus.

If your child is pale and nervous
the chances are his eyes are out of
focus.

Buck & Rayner's main store at
State and Madison has an expert who
will gladly examine your eyes with-
out cost or obligation and frankly
tell you if you need to wear glasses
or not. Those of our readers who are
now wearing glasses are invited to
have their eyes examined free and
they will be told if any improvement
can be made. This service is entirely
free.
